

West Virginia Bankers Association **Government Relations**

VoterVoice is the WVBA's legislative action center that provides bankers and those supportive of the banking industry the opportunity to conveniently contact their elected officials through emails, letters and phone calls. Bankers can also stay informed of and participate in action alerts, which the WVBA will design to encourage grassroots contact from bankers to their elected officials on specific issues.

As new banking issues reach the legislature, WVBA staff will publish information to VoterVoice allowing bankers across the state to track and advocate for legislation that will affect their lives and businesses.
