BANK DIRECTOR WORKSHOP

Sunday, July 25, 2021
2:30 - 5:00 p.m.

Presented by David L. Kemp, President of Bankers Management, Inc.

The Board's Role in the Bank's Success: A bank can not succeed if Executive Management and the Board are not on the same page. The Board plays a critical role in setting strategic direction and acting in an advisory capacity. While the Board's primary objective is to practice good governance and oversight, it should also be seen as an asset by the CEO. We will discuss Strategic Planning, Management Performance, and Merger & Acquisition activity.

What questions should the Board ask during any merger efforts? The success of the Board begins with the selection process for new directors and continues with the ongoing education of each director. A bank can not "WIN" without an effective Board!
